

Thank you for your interest in Longview's Social Adult Day Program.

Our Day Program is open from 9:00am-3:00pm, Tuesday and Thursday. The daily rate is \$80.00 which includes lunch and snacks, as well as a stimulating social and recreational program. Longview does not provide transportation to the program; however, you can arrange with Gadabout to provide this service for a nominal fee.

The first step in our admission process is scheduling a visit for the day (no fee). We recommend a full day visit which allows you to experience the program and get acquainted with staff and participants. If you decide to apply for admission to the Day Program following your visit, we require completion of our Admission Packet. You will be required to have a medical evaluation, completed and signed by your doctor including a TB test. The doctor's evaluation must be based on an exam within 30 days of admission into the program. Thereafter, we require medical updates at six-month intervals while you are enrolled in the program. It is the participant's responsibility to immediately notify the Adult Day Program of any medical changes to ensure a comprehensive medical profile.

If you have any questions or wish to schedule a visit, please contact the ADP Coordinator, adultday@longviewithaca.org or call the Day Program Office at 607-375-6323.

We look forward to hearing from you soon!
